PRINCIPAL’S MESSAGE

Today all students from Years 3-6 participated in our school’s Cross Country Carnival at Gosling Park. It was a stunning morning and our students ran with tenacity displaying great stamina. Congratulations to our House Captains who led their cheer squads, and to those students who will now represent our school at the Bankstown District Carnival in the coming weeks. A huge thank you to Mrs Fraser who organised today’s carnival. I took some excellent action photographs which I will publish on the school’s website. Thank you also to all those parents who came along to support their children. I look forward to meeting more parents at this Thursday’s K-6 Assembly.

I am sending a survey home to a percentage of parents which I am hoping will provide the school feedback about current initiatives which are valued by the school community. The staff and our Year 6 students also completed the same survey which only takes a few minutes. This is the beginning of the process of gathering data to ensure we as a school community can collaboratively make informed decisions regarding our strategic 3 year school plan (2015 – 17). If you would like to complete a survey, please visit the school office.

The P & C will be coordinating a Mother’s Day stall this week. Yesterday, the students were able to view the items which will be on sale all week. Students will be able to purchase items in the mornings before school and possibly during lunch time if the need arises. Thank you to the P & C fundraising committee for your hard work.

To ensure students arrive and depart the school safely, we urge parents to:

- Obey all parking signs.
- Only cross at the pedestrian crossing or the traffic lights. Although the pedestrian crossing is safer as Mr Harry supervises.
- Never stop on the road or on the crossing and ask your child to get in the car.
- Remember doing a U-turn over double lines is against the law.

We thank all of our parents who keep our kids safe every day.

Tip of the week: Did you know doing the shopping is a great way to reinforce maths skills while you get some help with the shopping. Have the kids get specific numbers of fruits and vegetables and also have them weigh fruit and veg (if you have time). For older children, they can make a running total of what you buy as you shop.
